Javelin ProHunt Standard (17.5 - 23cm)

A new level of flexibility.

The Javelin Bipod is the ultimate hunting companion when it comes to a safe shooting position and extremely flexible use.

The ProHunt now represents the universal connection between bipods and tripods.

Manufactured like all Spartan products in Sussex, England, of course, only from the highest quality materials and using high-precision CNC machines, the ProHunt is the decisive factor for success, the tip of the scales when it comes to precision shoot in the woods, fields and meadows.

The Spartan Javelin ProHunt Standard:

- 17.5 cm - 23 cm
- ultra light and compact
- fixation mechanism when unfolding the legs
- legs compatible with the Sentinel system
- patented magnetic fastening technology, for lightning-fast (dis)assembly
- suitable for all Spartan adapters and therefore universally applicable
- bipod head milled from full 7075 aluminum
- legs made entirely of carbon
- 176g
- leg extension with the latest locking mechanism, holds the lock out of the dirt
- collapsible
- leg ends with rubber cap and underlying metal spike, for any terrain

Classic gunsmith adapter - Suitable for Javelin and Sentinel

The Classic Gunsmith Adapter is suitable for use with the Javelin and Sentinel series.

ATTENTION: Not suitable for Spartan 300!

CNC machined from 7075-T7371 aluminum and weighing only 9 grams, it is the optimum for all real mountain hunters.

The Adapter guarantees a durable and discreet bipod and tripod mount.

The Adapter should be fitted to the fore-end by a professional.

This guarantees high quality work, maximum stability and a perfect, discreet look.
